

eXtend easycover

coverstitch machine

SPECIALIZED SEWING

The elna eXtend *easycover* is the perfect companion machine for use with an elna overlocker: Its highly specialized stitch programs create perfect, professional-looking hems.

Combining 2, 3 or 4 threads and 1, 2 or 3 needles, it enables technical stitches, such as a triple and a double cover hem stitch and a chain stitch.

UNIQUE DESIGN

With a unique design inspired by conventional sewing machines, the eXtend *easycover* provides an extra-large sewing area and convenient location of the dials for unmatched user comfort.

Its exclusive free arm configuration makes it easier to sew tubular items, such as sleeves or cuffs, thus increasing the range of projects that you can handle.

ADVANCED CAPABILITIES

The eXtend *easycover* is equipped with a cutting-edge motor that offers exceptional power, along with stability and silent operation. With this robust model, you will benefit from optimal efficiency for heavy-duty tasks.

Located in the looper area, a quick reference chart with color-coded guide is a helpful tool for easily threading the machine.

eXtend easycover
